 – Color settings file "PDFX-ready PSOuncoated_CS4+_sRGB-V2.0.csf"
 – Color settings file "PDFX-ready PSOuncoatedV3(FOGRA52)_CS4+_sRGB-V2.4.csf" *
 – Color settings file "PDFX-ready PSO_LWC_Standard_CS4+_sRGB-V2.0.csf"
 – Color settings file "PDFX-ready ISOnewspaper26v4_CS4+_sRGB-V2.0.csf"

 – ICC profile "ISOcoated_v2_300_eci.icc"
 – ICC profile "PSOcoated_v3.icc" *
 – ICC profile "PSO_Uncoated_ISO12647.icc"
 – ICC profile "PSOuncoated_v3_FOGRA52.icc" *
 – ICC profile "PSO_LWC_Standard_eci.icc"
 – ICC profile "ISOnewspaper26v4.icc"

New color profiles from the European Color Initiative (ECI). Please consult your print service provider before using these new color settings and profiles.
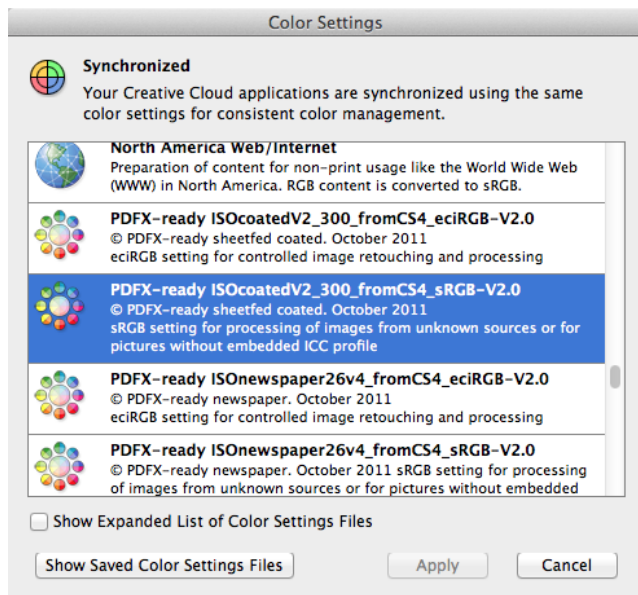

Preferences
 – Copy the ICC profiles for all Adobe products in this folders:
    `MAC` Library -> Application Support -> Adobe -> Color -> Profiles -> Recommended
    `PC` C:\ -> Programme -> Common Files -> Adobe -> Color -> Profiles-> Recommended

 – Copy the color settings files in this folders:
    `MAC` ~ -> Library -> Application Support -> Adobe -> Color -> Settings
    `PC` C:\ -> Documents and Settings -> user -> AppData -> Adobe -> Color -> Settings
        Windows 7: C:\ -> Program Files (x86) *or (x32)* -> Common Files -> Adobe -> Color -> Profiles -> Recommended

Color settings can be synchronized in Adobe Bridge for the entire Creative Suite:
Edit -> Color Settings… -> select desired setting -> [Apply]
